

The only secure press fastener with stretch-function

Q-SNAP 

tight and easy

WWW.Q-SNAP.COM

Nothing too tight for Q-SNAP:

Q-SNAP is the only secure fastener with stretch function. It is developed for covers and sprayhoods on boats, and is perfect for all applications that require textiles to be tight and secure. The patented Q-SNAP is just like a normal press-fastener, with 2 additional parts: a ring underneath the cloth and a gentle hook on deck. This combination turns the fastener into a **secured connection** that won't pop loose, while it incorporates a **stretch-function** (lever). The cloth is stretched as you fix.

Q-cap (A)	product	code	package	
normal shaft	polished SS 316	110000-100 110000-500	100 x Q-caps 500 x Q-caps	 Fits most 15 mm domed cap dies (similar to DOT, FASNAP) on hand punch, pliers or any press. Exact fitting dies for SS316 are available.
normal shaft colour	SS 316 BLACK SS 316 MATT BLACK SS 316 PEARL WHITE SS 316 GREY SS 316 KHAKI SS 316 NAVY BLUE SS 316 BORDEAUX RED	110001-100 110002-100 110003-100 110004-100 110005-100 110006-100 110007-100	100 x Q-caps

eyelet (D)	SS 316	140500-100 140500-500	100 x post 500 x post	

Starter KIT:
Assortment box with 50 sets of Q-SNAP (different fixings), complete with all tools and accessories.

Package: 50x Q-cap + 50x Q-socket + 25x Q-stud (incl. screw) + 25x Q-stud + 25x Screw + 25x M4 + 25x Self-drill screw + 25x Eyelet + 5x Blind rivet + Q-stud holder + Q-stud marker + 5 x Q-installation pins + 5 x Q-stud cover + hand punch set + 25x Ringlets + 25x Plug

Code: 150001-1

Blister DIY-Kit incl. Switch Over
Do It Yourself KIT for easy installation or even replacement

10 sets  + 
incl. tool 

incl. SWITCH OVER SET
10 x  + 
to change from brass to Q-SNAP!

150001-10 DIY-KIT incl. switch over
150000-10 DIY-KIT (non-EU)

EASY

to use

Now even children and people with less strength in their hands can fix any tight cover. All thanks to the integrated lever of Q-SNAP. It is just that bit of help to overcome the tension easily.

TIGHT

and secure connection

Cover makers using Q-SNAP can make a solid and tight cover that protects boat and crew properly. It won't pop loose, no matter what the angle is between the fixed surface and the cover.

QUICK

to install

Installation is like a normal press fastener. Special tools make it faster to install than other secured fasteners. There are no extra parts, thanks to smart pre-assembly.

QUALITY

smart and robust

To even be resistant to seawater, Q-SNAP is made from high quality 316 stainless steel. The special ring spring in the socket is dimensionally stable and even more resistant to corrosion than SS 316. A thin rubber layer isolates the Q-stud to prevent tension corrosion. Above all, it is the only secured fastener without moving parts, making it very durable and robust.

Installation up to 3 times faster than other secure fasteners

Tools

To fix stainless steel Q-SNAP items into fabric.

product	code	package
Pres'nSnap pliers incl 4 dies	190500-1	complete set
Pres'nSnap pliers w/o dies	190501-1	1 plier
4 dies (A & B, C & D)	190502-1	4 dies
